REQUEST FOR PROPOSAL**

**Professional Services for Interstate 280 Channel Trail Feasibility Study for City of
Cupertino**

The City is seeking the professional services of a qualified consultant to provide a Feasibility Study for the implementation of a west-east bicycle and pedestrian connection south of and roughly parallel to Interstate 280 between Mary Avenue and Tantau Avenue. This trail network segment was identified in the 2016 Bicycle Transportation Plan as one of a series of multi-use paths that, when joined together, would form the “Cupertino Loop Trail”. The Cupertino Loop Trail would provide access around Cupertino, largely separated from vehicle traffic and primary support recreational riders and long-range bicycle trips.

Interested firms should obtain a full copy of the RFP from the City’s web site at:
<http://www.cupertino.org/index.aspx?page=659>

Please contact the Department of Public Works for additional information at 408-777-3354.

Proposals are due at the Cupertino City Hall at the Department of Public Works no later than 3:00 p.m. on Wednesday, June 14, 2017.
