**Keep Vallco a Community Destination!
Please Sign Referendum by October 28
(or it'll be too late)**

Cupertino **Friends & Vallco Neighbors,**

Better Cupertino is now gathering signatures for a referendum to rescind three city council members' decision to approve the *Vallco Specific Plan, Tier 2* (**FOR:** Savita Vaidhyanathan, Rod Sinks, Barry Chang. **AGAINST:** Steven Scharf, Mayor Darcy Paul). This plan has 1.75 million square feet of office space, 2,668 apartments, and *very little retail area* for the **AMC, Bowlmor, Ice Rink, Fitness Club**, and other community needs. We need your signature!

Meanwhile, **Friends of Better Cupertino has taken the ineligible Vallco SB35 plan to court.** We think counting parking garages as residential space is unacceptable — especially when you don't count the corresponding space for office and commercial garages. In other words, they cheated: the actual square footage for housing at Vallco Town Center is not all that close to 2/3 residential — and certainly not *at least 2/3 residential* as required. **The Vallco site is also on statewide hazardous waste lists**, again making it ineligible (think about it, there are two vacated automotive centers on the site).

We want to bring a community-friendly Vallco to our city. We are not powerless, but we do need our fellow residents to participate. NOW!

Cupertino Friends & Vallco Neighbors,

Thank you for your input on our Destination Retail Petition, which we presented to City Council to let them know what residents want for Vallco.

Better Cupertino is now gathering signatures for a referendum of three city council members' decision to approve the Vallco Tier 2 plan (Savita Vaidhyanathan, Rod Sinks, and Barry Chang). This plan has 1.75 million square feet of office, an incomprehensibly large 2,668 apartments, and *very little retail area* for the AMC, Bowlmor, Ice Rink, Gym and other community needs. We need your signature!

Meanwhile, **Friends of Better Cupertino has taken the non-compliant Vallco SB 35 plan to court**; counting parking garages as residential space is unacceptable, and the site is on statewide hazardous waste lists which also make it ineligible (think about it, there are two vacated automotive centers on the site).

We are acting in partnership with our residents to bring a community-friendly Vallco to our city. We are not powerless, but we do need our fellow residents to participate. NOW!
