Here, 2016 stats for the 2 of 8 City Council race. Measures C and D let us know we had about 23,000 voters who then cast 36,000 votes for the 2 of 8 race for city council. Assume a range of 36,000-59,000 for the 3 of 8 race because each voter can vote for 3. [#votecountissoslow](#)
