City Communications Regarding COVID-19 (Coronavirus)

The City of Cupertino continues to monitor the effects of the coronavirus (COVID-19) as the safety of our residents remains our highest priority. All City facilities remain closed until further notice. While City Hall is closed to the public, the City continues to provide essential services online at cupertino.org and by phone at (408) 777-3200. These essential services include responding to 311 requests and maintaining the City’s infrastructure, among others. For detailed and up-to-date information regarding COVID-19, visit [U.S. Centers for Disease Control and Prevention \(CDC\)](https://www.cdc.gov) and [Santa Clara County Public Health Department](https://www.sccphd.org).

State of California Releases Blueprint for a Safer Economy

On August 28, the State of California released its Blueprint for a Safer Economy (“Blueprint”), which allows hair salons and barbershops to conduct indoor operations statewide effective August 31. See the State’s Blueprint [here](#).

Hair salons and barbershops must comply with the following guidelines and directives:

1. [California Industry Guidelines for Hair Salons and Barbershops](#)
2. [Cal/OSHA COVID-19 General Checklist for Hair Salons and Barbershops](#)
3. [Submit New Online Santa Clara County Social Distancing Protocol](#)
4. [Wear a Face Covering](#)

All other personal services, including gyms and fitness facilities, are still only allowed to operate outdoors and will need to apply for a Cupertino temporary outdoor operating permit. Click [here](#) for instructions on how to apply.

The State’s new framework lays out the measures that each county must meet, based on indicators that capture disease burden, testing, and health equity. A county may be more restrictive than this framework. This framework also notes signals of concern, including impacted healthcare capacity that may lead towards a dimming intervention. This framework replaces the current County Data Monitoring metrics. As the COVID-19 pandemic continues to be an evolving situation and new evidence and understanding emerges, the California Department of Public Health (CDPH) will continue to reassess metric thresholds.

See the chart below for the framework metrics as set according to tiers based on risk of community disease transmission.

	Higher Risk → Lower Risk of Community Disease Transmission			
	Widespread Tier 1	Substantial Tier 2	Moderate Tier 3	Minimal Tier 4
Measures*				
New cases**/100,000 population per day (7 day average; 7 day lag)	>7	4-7	1-3.9	<1
Testing % Positivity (7 day average; 7 day lag)	> 8%	5-8%	2-4.9%	<2%

County of Santa Clara Moves to Red Tier (Tier 2) on State's New COVID-19 Framework

The State of California announced that Santa Clara County has been moved from the Purple Tier (Tier 1) to the Red Tier (Tier 2) on the State's new COVID-19 Blueprint for a Safer Economy ("Blueprint"). Counties assigned to the Red Tier are still experiencing "substantial spread" of COVID-19. However, the State's framework allows counties moving from the Purple to Red Tier to reopen indoor operations at some additional businesses and allows certain activities to resume, so long as appropriate protocols and protective measures are strictly followed.

The following businesses and activities are now allowed to resume under the State's framework as well as the County's Risk Reduction Order. Businesses and activities must be in compliance with all industry-specific mandatory directives set forth by the County and State, including having a Social Distancing Protocol on file and displayed.

- Schools: K-12 schools can open after the County has been in the Red Tier for 14 days. All schools must follow mandatory guidance set by the County and the State
- Personal care services: allowed to open indoors with modifications
- Museums, zoos, aquariums: allowed to open indoors at 25% capacity
- Gyms and fitness centers: allowed to open indoors at 10% capacity
- Shopping malls: allowed to open indoors at 50% capacity (previously open at 25% capacity)

Hair salons and barbershops were previously allowed to open indoors with reduced capacity as of August 31. Indoor dining, indoor movie theaters, and indoor gatherings remain prohibited in Santa Clara County under the local Risk Reduction Order. Other activities that the County had previously allowed but the State had prohibited can now resume. The stricter of the State or local order always controls.

Santa Clara was originally placed in the most restrictive Purple Tier along with most other counties when the State switched from the monitoring list system to its current color-coded tier framework on August 28. The move to the Red Tier was based on daily case rates and test positivity. The State framework gives counties credit towards their case rate if they test more people than the state average. Using this calculation, the high number of tests performed in our area gave Santa Clara County a significant credit, allowing the County to move to the Red Tier.

Santa Clara County is at

Red Risk Level

Allowed indoors:

- > Nail salons
- > Body waxing salons
- > Tattoo and piercing parlors
- > K-12 Schools (after being 14 days in Red)
- > Museums, zoos and aquariums at 25% capacity
- > Gyms and fitness centers at 10% capacity
- > Malls can increase capacity to 50% (opened at 25% in Purple)

Not currently allowed to resume operation under the County Order:

- > Movie theaters
- > Indoor dining
- > Indoor gatherings

Counties can move to a less restrictive level as COVID transmission goes down and testing goes up.

Stay diligent about keeping your distance, wearing your mask, getting tested, and following all protocols and directives.

Our website has detailed information:

sccgov.org/cv19order

If these metrics continue to improve, the County would be eligible to move forward in the framework to a less restrictive tier after three weeks. If these metrics worsen, the County would revert into a more restrictive tier as soon as two weeks from now.

Mornings with the Manager: Let's Discuss Emergency Preparedness

Join City Manager Deb Feng and Emergency Services Coordinator Tom Chin for this casual, virtual meeting to discuss and ask questions about emergency preparedness. Learn how the City's Office of Emergency Services has responded to the wildfires and ongoing COVID-19 pandemic, and what you can do to keep you and your family safe. Read more about emergency preparedness at ready.gov.

The event will take place on Friday, September 18 from 8:30 a.m. to 9:30 a.m. Submit your questions ahead of time to pio@cupertino.org.

Register for the event [here](#).

Prepare for Emergencies with The September Scene

The world may be unpredictable but don't worry — instead, get prepared! The September Scene is here to help you be ready for anything by observing National Emergency Preparedness Month. When you need to take a break, take a walk with the ARTour app to learn about historic sites in Cupertino through augmented reality. Download the September Scene at cupertino.org/scene.

Explore Cupertino Public Art with Augmented Reality

In a truly collaborative effort by the City's Innovation Technology Department, Fine Arts Commission, and the Office of Communications, Cupertino brings you the ARTour app — an exciting way to explore Cupertino public art with augmented reality.

Let Cooper, the City of Cupertino’s robot mascot, guide you on this fun, engaging, and whimsical journey of Cupertino’s public art and historic sites with the new ARTour app, an augmented reality art walk. Simply download the “Cupertino ARTour” app in the app store, select a language, and begin exploring. Take a walk around Cupertino and visit one of the many ARTour sites, including the Baer Blacksmith Shop at McClellan Ranch Preserve, the Quail Family Hawk statue near the Mary Avenue Bridge, The Guardians statue that stands in Memorial Park, and more. When you arrive at one of the sites, open the ARTour app and Cooper will appear to teach you interesting facts and the history behind the art. See if you can visit all 14 sites!

Special thanks to our language translators and narrators Rajeswari Mahalingam, Min Zhao, and Pete Coglianesi as well as our recording and editing engineers Rei Delgado and Pete Coglianesi!
