

# Safe Routes to School

Working Group

May 8, 2024

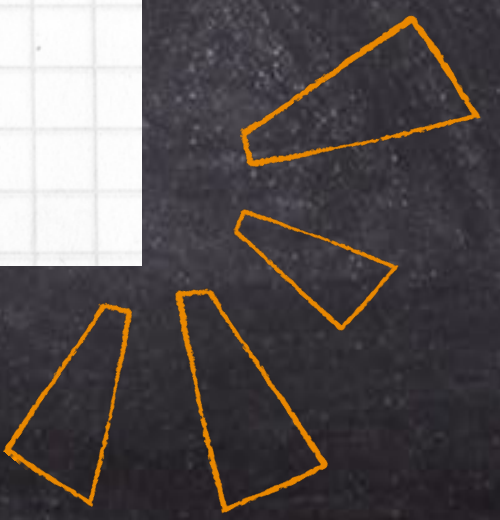

CUPERTINO

# Our Mission

Create a safer environment for students and families in Cupertino to travel to and from school actively.

# Welcome!

## Introduce Yourself

**Tell us your name, org, and role**

If on Zoom, please rename yourself with your name and school/organization

# FAQ from the front lines

## McClellan Road Protected Bikeways Phase 3

Construction Update

With David Stillman, City of Cupertino Transportation Manager

# SR2S updates: Education

## Mindful Driving Challenge

## Mindful Driving Challenge

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
Consciously find the speed limit on every street you drive on today	Stop and look right and left for sidewalk traffic before backing out of the driveway	Deliberately silence your cell phone before turning on your car engine	Mindfully drive with both hands on the wheel at all times today (except to manually shift)	Choose a color today (everyone different). When you see a backpack that color, yell "spotted!"	Clean your windshield and side mirrors before leaving home this morning	Leave home 5 minutes early for all trips today so you can be patient
Mindfully stop behind all crosswalks before looking for an opening to turn right on red	Consciously look in all four directions for bikes and pedestrians before making any turn	Repeat "I will drive more mindfully" three times while buckling your seatbelt	Deliberately put your coffee in the backseat cup holder this morning	Wave at everyone who is shorter than your car hood today	Check your visibility -drive towards a bucket until it's not visible. Get out to see how far away it is	Patiently stop at all yellow lights instead of speeding up to make it through
Actively read the parking rule signs wherever you park today	Deliberately see why the car in front of you is stopping before driving around and ahead	Compare the weight of a car with the weight of a bike	Use your turn signal for every turn or lane switch today	Count the number of bikers without helmets today	<a href="#"><u>Carefully adjust your mirrors to eliminate blind spots</u></a>	Plan one carless trip today - walk, bike, scoot, or ride transit instead
Mindfully drive at or below the speed limit today	Carefully look behind you for bikes before opening any car door	Deliberately plan your trips today so you don't need a U-turn	Consciously avoid changing lanes when driving over crosswalks today	Say thank you to a crossing guard today	Check your headlights, brake lights and tire pressure before leaving home this morning	Turn off your radio, roll down the window, and listen to the world
